Jon Barker
Barker Trophy Hunts

Dear Mr. Barker:

On June 18, 2014, Barker Trophy Hunts submitted two applications to the Bruneau Field Office for Special Recreation Permits to conduct outfitter and guide hunting services for a California bighorn sheep hunt on public lands in Game Management Unit (GMU) 46-1. GMU 46-1 contains public lands administered by the Bruneau and Jarbidge Field Offices.

Determination of Land Use Plan Conformance and National Environmental Policy Act (NEPA) Adequacy (DNA) DOI-BLM-ID-B020-2014-08-DNA¹ concluded that the action proposed in your application conforms to the 1983 Bruneau Management Framework Plan and the 1987 Jarbidge Resource Management Plan and is fully covered by Environmental Assessment ID-010-86-29 Outfitter/Hunting Guide Services - Owyhee, Bruneau, and Jarbidge Resource Areas, which constitutes BLM's compliance with the requirements of NEPA. This decision incorporates by reference these documents in their entirety.

Our decision is to issue two Special Recreation Permits to Barker Trophy Hunts to authorize you to conduct outfitter and guide hunting services on public lands in GMU 46-1 in the Bruneau and Jarbidge Field Offices from August 30 through September 14, 2014. Your activities must conform to the permit stipulations, which are enclosed along with Special Recreation Permit # ID120-14-04 and ID120-14-05, the authorized use map, and a post use report. Please do not send fee payment with the post use report. Any person whose interest is adversely affected by this decision may file an appeal and petition for stay of the decision pending final determination on appeal. Procedures for filing an appeal and petition for stay can be found in Form 1842-1, Information on Taking Appeals to the Interior Board of Land Appeals (enclosed).

If you do not wish to appeal, please sign the Special Recreation Permit and return it to David Draheim, Bruneau Outdoor Recreation Planner, at 3948 Development Ave., Boise, Idaho 83705 at your earliest convenience, but no later than 10 days prior to the beginning of your hunt. Please contact David at 208-384-3358 if you have any questions. We hope you have an enjoyable and safe hunt.
